

CVImageImpl

```
classDiagram
    class CVImageImpl
    class CVImageOpenCvImpl
    CVImageOpenCvImpl --|> CVImageImpl
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'CVImageImpl'. Below it is a horizontal line. From the left end of this line, a vertical line goes down to a box labeled 'CVImageOpenCvImpl'. From the right end of the horizontal line, another vertical line goes down to a second box labeled 'CVImageOpenCvImpl'. An upward-pointing arrow is positioned in the center of the horizontal line, pointing towards the 'CVImageImpl' box, indicating that both 'CVImageOpenCvImpl' boxes inherit from 'CVImageImpl'.
